Dear African Library project

The family, staff and management of Bright Rays Kindergarten and Day care Center, Uganda send you warm regards and hope that this letter finds you all in good health.

On behalf of the school and the community, I would like to let you know that we received the books (over 1079) you sent us through Enjuba with great joy and excitement. We cannot thank you enough for your generosity. We are grateful for your desire to support us to start a school library which will enable us to build a solid reading culture in both the school and the communities around us.

The children at our school love the books and enjoy every moment of interacting with these books. We can't wait to see how much impact this will bring in our pupils.

We thank all the families and individuals who contributed to this great cause. May they all be blessed.

Thank you African Library project for inspiring the love of reading
